

SCG Educational Program

Would you like a heart-to-heart with your cardiologist? Sydney Cardiology now has two medical liaison personnel to help you do just that.

Prim Nunan and Sharon Carthew joined Sydney Cardiology in 2009, with extensive backgrounds in nursing, science, marketing and customer focus. Part of their role is to bring to your medical practice one of our Cardiologists, for a lunchtime presentation or a simple heart to heart.

Prim (Chatswood & City) and Sharon (Westmead, Castle Hill & Blacktown) will also be calling on you at your medical practice with updates on our Cardiologists, our patient focused "Urgent Appointments" system, extended operating hours and with our current Referral Folders.

Prim & Sharon will also liaise with us regarding what you feel your needs are when referring your patients for cardiac care, and are keen to know how we can further support your patients and medical practice.

If you would like to make use of this educational service of a 'Clinical Lunch' with one of our cardiologists please call or email Prim, Sharon or Sydney Cardiology, and we will organise it for you and your staff.
